

THE ANGLIAN BOXER CLUB

22 JUL 23

A beautiful setting awaited me at Anglian Boxer but sadly beautiful weather didn't!

Despite the weather the committee and exhibitors created a lovely atmosphere for this well-run show. Sadly, some dogs didn't fulfil their potential on the move inside the venue but I can only judge what I see on the day.

Puppies were delightful and the condition of the majority of exhibits was excellent.

One of the highlights for me were the huge portions of cake that exhibitors had received. One individual who was very smug about the sizeable piece they were given, promptly dropped it in their tea!! Along with the cutest puppy ever, but with the sharpest needle teeth creating a scene that wouldn't gone amiss in Texas Chain Saw massacre it was a thoroughly enjoyable day with good humor throughout. Thank you for taking my decisions so sportingly.

MPD 3(1)

1. Hare's Jimbren The Irishman. Pleasing head and expression, alert ears, nice dark eye but head still to develop, shown in good muscled condition and just a bit more together than 1 at the moment, BPD.

2. Van-Beck's Newlaithe Respect. Still very immature at 6 months, preferred this head, chest still to develop and movement is still quite uncoordinated at the moment but nice construction and just needs to come together.

JD 2(0)

1. Jones' Kevanor In The Summertime. A little too much back skull at the moment for me but better overall balance than 2, still loose on the move but looked good in profile.

2. Peck/Ames' Winuwuk Line Of Duty for Enesha. Preferred the head on this exhibit but doesn't have the overall balance of 1, good feet and well muscled, also moved well but a bit 'up on leg' at the moment.

YD 1(0)

1. Louis' Boxania Over The Moon. Lovely balanced head, nice dark eyes with good underjaw, good bone and feet and overall balance, really liked this boy, stood alone but well worthy of 1st, RBD.

ND 2(0)

1. Jones' Kevanor In The Summertime. Seen dog from my junior dog class but the more I saw him the more I liked him.

2. Payne's Birleyvale Bamboozled (AI). Very promising puppy, lovely underjaw, nice bone with lovely expression in a very immature head, with a nice make and shape when stood, movement and cooperation with unfamiliar handler still to improve on.

VD/B 3(0)

1. Kelly's Casemates Gandalf. Really liked this veteran, would prefer a touch more underjaw but everything else is in place, well muscled and nicely angulated front and back, head was well balanced with correct skull ratios and moved well in profile, BD, BOS & BVIS.
2. Louis' Rameleon Nights In Harlem. 9 year old, would prefer more underjaw but good bone, toes in a little bit coming to but good overall balance and shown, once again, in good muscled condition.
3. Bagnall's Cilemm Queen Isabella at Mejeric.

MPB 3(0)

1. Van-Beck's Diddle On Newlaithe. Really quite excited by this youngster, feminine head, dark eye and balanced skull throughout, beautiful arch of neck and a really nice square outline, moved in harmony with her handler and will really watch her career with interest, BPB & BPIS.
2. Payne's Birleyvale Burning Heart (AI). 8 months old, another really nice puppy with a good head and good underjaw, well muscled and nice overall balance, just still to come together on the out and back but again will watch her with interest.
3. Hare's Jimbren Queen of Tarts.

PB 2(1)

1. Drinkwater's Sulez Teaser. Balanced head and expression with nice dark eye, although still developing, good bone and creates a nice shape and overall balance, well muscled throughout, standing on good feet.

JB 1(0)

1. Wilson's Thorpaige What A Kerfuffle. Nice balanced head overall, although would prefer better use of ears, nice dark eye and good arch of neck leading into nice angulation fore and aft, good bone, just would have preferred more fluidity on the move although she did rectify this in the challenge, RBB & RBIS.

YB 3(0)

1. Flintoft's Boxania Make Me Smile. Balanced head with nice dark eye, well muscled, good substance and outline, moved well, BB & BIS.
2. Wilson's Thorpaige Chasing Rainbows. Just a touch longer than I'd like, clean head, covered the ground well in profile.
3. Kelly's Casemates Mystique.

NB 2(0)

1. Hare's Jimbren Astar from Afar. Nicely muscled overall, would prefer a bit more detail in head but moved out and back and in profile, lovely feet on this girl.
2. Van-Beck's Newlaithe CID. Loved the head on this bitch and overall proportions but would prefer tighter feet, this was definitely a class of compromise.

PGB 1(0)

1. Bagnall's Mejeric Solitaire Diamond. Good underjaw and nice clean head, good bone, just would prefer a bit more stifle, ok in movement, nice and parallel on the out and back.

LB 1(0)

1. McCarthy/Gething/Banks' Sunhawk Norwatch Lovelace at Jeddhi. I really loved this girl when she came in the ring, lovely head, good underjaw, nice dark eye, with good arch of neck, good bone and lovely feet, compact and well muscled, just felt that she would have been better outside and didn't move in the way that her construction suggests she would today inside on mats which was a shame.

OB 3(0)

1. Flintoft's Boxania Midnight Spice. Not as enthusiastic as I would like today but nice feminine head, good dark eye and underjaw with overall balance throughout the head and on the stand, easy gait, just wish there was some animation to her today.

2. Hare's Jimbren Destiny's Queen. Adequate head and well muscled body, good feet, just stood over a little bit too much ground for me.
